RAPC

DATE:

Tuesday, November 11, 2014

TIME:

5:00pm - 6:00pm

LOCATION:

ORMC - Conference Room 1

OBJECTIVES: At the conclusion of this educational activity, participants should be better able to:

- 1. Participants will be able to better to recognize and identify clinically peripheral artery disease
- 2. Participants will better understand diagnostic testing
- Participants will be able to better understand treatment options

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Medical Society of the State of New York (MSSNY) through the joint sponsorship of Mid-Hudson CME and Orange Regional Medical Center. Mid-Hudson CME is accredited by the MSSNY to provide continuing Medical Education for physicians.

Mid-Hudson Continuing Medical Education designates this educational activity for a maximum of 1.0 AMA/PRA Category 1 Credit(s). TM Physicians should only claim credit commensurate with the extent of their participation in the activity.

In accordance with the disclosure policies of Mid-Hudson CME, the effort is made to ensure balance, independence, objectivity, and scientific rigor in all educational activities. These policies include resolving all conflicts of interest between faculty and commercial interests that might otherwise compromise the goal and educational integrity of this activity. All faculty members participating in this activity have disclosed all significant relationships – financial or otherwise – with the manufacturers or providers of products or services mentioned in the activity. The planners of this activity have reviewed these disclosures and have determined that the faculty relationships are not inappropriate in the context of their respective presentations and are consistent with the educational goals and integrity of the activity.

For further information, please call Debbie Carroll, Director Diagnostic Imaging at (845) 695-5842 or Carol Tremper, Diagnostic Imaging Coordinator at (845)333-1251

1.0 CE and 1.0 CME credits available
